Qualification Placement Decision

	Higher Education Council Decision No. (93) of Meeting (11/2008) of 2008		
Qualification Description	<p>The Bachelor's Degree in Information Technology has been offered by Ahlia University since the academic year 2002-2003. The qualification is designed to provide graduates with necessary background in computer programming, software engineering, IT infrastructure, databases, information security, and expert systems starting with inculcating knowledge of components of computer systems as well as of the workings of operating systems so that learners develop expertise in the design and implementation of information technology solutions. The qualification comprises 134 credit hours (536 NQF Credits) offered over eight academic semesters. The qualification is delivered in English. The programme is offered by the College of Information Technology, Ahlia University.</p>		
Target Learners	<p>This qualification is designed for learners who completed School Graduate Qualifications, such as: Secondary School Certificate or equivalent qualifications, to provide them with tertiary education prior to employment or further education.</p>		

Qualification Placement Decision

Date of Validation Report	26 March 2017
Overall Validation Judgement	
The Bachelor's Degree in Information Technology offered by Ahlia University sufficiently meets all of the Validation Standards, and thus the Overall Judgement is: 'Valid' and to be placed on NQF Level 8.
