**Global Economic
Revolutions**
(ICGER)

THE ERA OF THE DIGITAL ECONOMY ICGER 2021
"ARTIFICIAL INTELLIGENCE FOR SUSTAINABLE FINANCE AND SUSTAINABLE TECHNOLOGY"

The International Conference on the Global Economic Revolutions: The Era of the Digital Economy ICGER 2021 "Artificial Intelligence for Sustainable Finance and Sustainable Technology" will be held as hybrid conference, on the 15th & 16th September 2021. The conference will be the premier platform for the presentation of new insights and research in the transformation and advancement of the digital economy.

This prestigious conference is organized by the Accounting, Finance and Banking Department, Ahlia University, the Kingdom of Bahrain to provide a discussion forum for academics, researchers, policymakers, industrial participants, and students to share their research findings and network with other like-minded individuals. The conference is seeking submissions related to the following **five main tracks:**

- Artificial Intelligence & Sustainable Finance
- Artificial Intelligence & Sustainable Technology
- Sustainability & Governance
- Big Data, Blockchain & Security
- Digitalization

All accepted papers will be published in the conference proceedings:
"Artificial Intelligence for Sustainable Finance and Sustainable Technology"

as a volume in the
"Lecture Notes in Networks and Systems" series
