*It was an amazing opportunity to participate in such a distinguished program that provides high school students to experience university-level knowledge and to become acquainted with different cultures. I had a chance to form strong bonds with my motivated and enthusiastic peers through our passion for the topics covered in different courses within the program. Alongside my chance to acquire from my peers, IÉSEG also created a safe space to engage in questioning, problem-solving, and discussions with global issues. With all of the notable educators and peers I've met in IÉSEG, I gained an expanded outlook on the world.*
